

Information - Workshop

Development of departments of family medicine and primary health care/Training the trainers

28-31 October 2009

Rustenburg – South-Africa

Information Primafamed Workshop

“Development of departments of family medicine and primary health care/Training the trainers”

Dear all,

In this document we give a narrative explanation detailing the aims, content and methodology of the different parts in the workshop.

Yours sincerely,

Maike Flinkenflögel
Primafamed Coordinator
Conference Organiser
Lynn Ryssaert
Conference Organiser

Jan De Maeseneer
Primafamed Promoter

Day 1 – Wednesday 28/10/2009	
Time	Workshop
13.00 – 18.00	An intensive updating-activity will take place with the 10 coordinators of the Primafamed project. Together with the promoter and the coordinator of Primafamed, they will work on the updating of their reports (both content related and financial) and will produce the "pre-final" reports for the Primafamed-project.
18.00 – 19.00	Official opening of workshops Opening talk on the AJPFCFM
19.00 – 20.30	Dinner

Day 2– Thursday 29/10/2009 Overall theme: Family medicine curriculum

MORNING

Time	Workshop
9.00 – 10.15	Family Medicine Curriculum – CanMeds A brief introduction of the most important conclusions from the Wonca-Africa-conference in relation to the family medicine curriculum. Then the outline of the curriculum will be discussed in 3 working groups.
10.15 – 10.30	Break
10.30 – 12.30	Family Medicine Curriculum: the African way. Followed by discussion in small groups
12.30 – 13.30	Lunch Break

The **aim** of this morning is to make the important points more clear: how can the undergraduate curriculum contribute to favour choices for family medicine? What is the optimum size of the post-graduate curriculum: 1, 2, 3, 4 years? What can be the core-curriculum, what can be the modular optional curriculum? Will we train people with modules that reflect the specific needs of the place they are going to work in? What can be the process to have a continuous information exchange about curriculum-development? What about the scope and the aim of a thesis-project in the family medicine post-graduate training?

AFTERNOON

Time	Workshop
13.30 – 15.00	How to set up adequate training complexes? Plenary discussion
13.30 – 15.00	ICPC-2: From encounters to registration to epidemiology The new-version of the Electronic Medical Record will be demonstrated, and the ways to extract data will be discussed. Also this workshop will prepare on the African contribution to the Wonca-International Classification-Committee meeting in Ghent (Belgium: 10-16 October 2010).
15.00 – 15.15	Break
15.15 – 17.00	Poster session All participants will be invited to demonstrate their posters, also those that they have brought to the Wonca-Africa conference. The format will be that of a walking informal exchange of ideas. This poster session wants to give all the participants the opportunity to demonstrate specific things that they are doing, questions that they have, contributions they can make from their experiences. <ul style="list-style-type: none"> • Background/context • Aim/scope • Most important milestones/findings/ features • Conclusion/Lessons learned.
17.00 – 19.00	Free time
19.00 – 20.00	Dinner
19.00 – 21.00	<i>Meeting Primafamed Partners</i> How will we spend the last 6 months of the project? Things to be done. Perspectives for follow up Each of the 10 sites will be represented by 2 persons, and associates: 2 South-Africans will be invited from the associates, also GHETS, the network TUFH, ICHO, will be invited at the meeting.
